SKILLS FOR LIFE

'Skills for life' links directly to the Golf Foundation's mission and underpins the organisation's work. It is a concept based on the belief that children and young people are able to develop playing skills and personal skills through the Foundation's development initiatives, which will benefit them for the rest of their lives.

Encouraging children and young people to learn and practice the basic playing skills - putting, short game, long game, playing and the golfer's code - will lead to the psychological and physical benefits associated with improvement, personal achievement and life-long participation in sport.

Golf places strong emphasis on standards of behavior and therefore, is an ideal medium through which children and young people can develop personal skills such as honesty, integrity, respect, co-operation, perseverance, concentration and self-motivation - which will help them through their youth and into adulthood.

Through the application of 'Skills for life' PLAYGOLF BOURNEMOUTH is helping to generate committed young golfers and mature young individuals within the community.

These sessions are fun based with weekly 'Choccy Challenges' for added excitement! Our PGA Professionals are DBS checked and Child Protection Qualified.
