SKILLS FOR LIFE

'Skills for life' links directly to the Golf Foundation's mission and underpins the organization's work. It is a concept based on the belief that children and young people are able to develop playing skills and personal skills through the Foundation's development initiatives, which will benefit them for the rest of their lives.

Encouraging children and young people to learn and practice the basic playing skills - putting, short game, long game, playing and the golfer's code - will lead to the psychological and physical benefits associated with improvement, personal achievement and life-long participation in sport.

Golf places strong emphasis on standards of behavior and, therefore, is an ideal medium through which children and young people can develop personal skills such as honesty, integrity, respect, co-operation, perseverance, concentration and self-motivation - which will help them through their youth and into adulthood.

Through the application of 'Skills for life' PLAYGOLF BOURNEMOUTH is helping to generate committed young golfers and mature young individuals within the community.

GROUP COACHING SESSIONS AT PLAYGOLF LEARNING CENTRE

Example

CONTENT:

During 6 x 60 mins, a PGA Professional will give an introduction to golf's different elements.

To include:

- Basic swing technique
- Chipping and Putting
- Rules and Etiquette
- First Steps on the Course

The school would be expected to have a least one teacher accompanying the group.

THE ECONOMY:

Excluding funding it would be reasonable to expect that the school/pupil pays a nominal fee of £3.00 per pupil per hour to include all tuition, balls, fees and equipment for groups of 12-20.

For smaller groups funding could be achieved to make up the costs.

GROUP COACHING SESSIONS ON SCHOOL PREMISES

The coaching sessions can also take place on the school premises. The content would be adjusted depending on facilities available and there may be a small surcharge to allow for transport costs.

PLAYGOLF GROUP/CLASS OFFERS

- Promote teamwork
- Build better understanding
- Inspire young People

In our Playgolf coaching programs, golf retreats from the major focus to become just the background medium or the learning ground, to an inquiry into an effective paradigm of coaching, learning, performance and mastery, which students can apply to the classroom. Our school group programs can be used as platforms where concepts and ideas about learning become practical realities, which can build students learning and communicational skills in a multiple of environments.

Our team of coaching experts has the coaching presentation skills to ensure your pupils learn, enjoy and have an incredible experience. For further details contact the reception.
